

CONSTRUCTION UPDATE

Kindred, North Dakota

For Weeks: 9/30/2022 & 10/7/2022

Sewer Collection and Wastewater Treatment Improvements

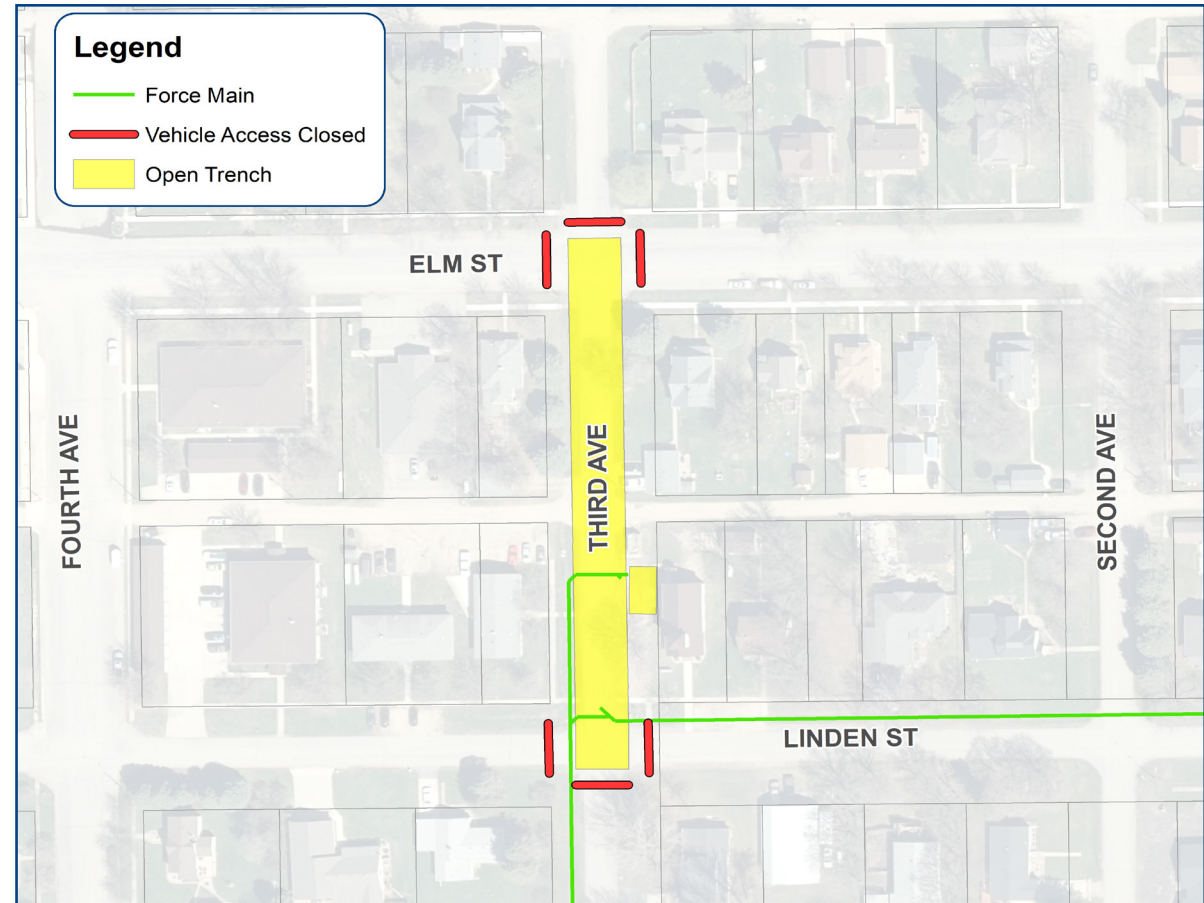

KPH is planning to install the gravity sewer pipe and manholes on Third Avenue (Elm St - Linden St) and begin work on the lift station this week. The intersections with Elm Street and Linden Street will be closed Wednesday Sept. 28th through Monday October 3rd. Alley access will be closed periodically as well, but KPH will accommodate as needed to maintain access.

There will be trenches/pits in the street and boulevard in the locations shown on the exhibit. Please be careful as you drive through this area, as equipment and workers will be on both sides of the street and in the boulevards.

**SAFETY IS EVERYONE'S PRIORITY.
PLEASE DRIVE SLOWLY!**

What to Expect?

- Expect some dust, noise and minor inconveniences associated with construction.
- Regular working hours will generally be approximately 7 a.m. to 7 p.m., Monday–Friday.
- Traffic control barricades will be placed to protect both travelers and workers.

Project CONTACTS

The City of Kindred has contracted with Moore Engineering Inc. to administer construction engineering for the project. You may reach out to Project Engineer Brad Muscha at 701-282-4692 with any questions or concerns.

Please watch for project updates as construction progresses which will be provided every two (2) weeks. Thank you in advance for your patience through the construction process!
